# WELCOME TO HAPPYWOOD

**HappyWood** is a leading furniture manufacturing brand dedicated to creating thoughtfully designed, high-quality furniture for residential, commercial, and hospitality spaces. With a strong focus on craftsmanship, customization, and contemporary design, we bring functionality and style together in every piece we make.

From ergonomic office furniture to elegant home interiors and large-scale hotel projects, we specialize in delivering tailored solutions that meet both aesthetic and practical needs. Our in-house manufacturing setup ensures strict quality control, timely delivery, and the flexibility to adapt to diverse client requirements.

At HappyWood, we don't just make furniture – we help shape experiences and spaces that feel personal, professional, and purpose-driven.

# OUR FOUNDERS

MR. RAJAN SINGH  
KOTHARI

MR. DEVANG  
SHAH

## Founders' Words

Mr. Rajan Singh Kothari & Mr. Devang Shah  
Founders, HappyWood Furnitures

"At HappyWood, our vision has always been to create furniture that blends functionality, durability, and aesthetics – pieces that do more than fill a space; they define it. We believe that great design begins with understanding people and their needs, and that's what drives every decision we make."

"From humble beginnings to becoming a trusted name in furniture manufacturing, our journey has been rooted in passion, quality, and commitment. With every project, we aim to deliver not just furniture, but value, reliability, and satisfaction."

"We thank our team, clients, and partners for trusting us and being a part of this journey. The best is yet to come."

# FACTORY VISUALS

Our in-house manufacturing facility is the backbone of our quality and consistency. Located in a well-equipped industrial space, our factory combines skilled craftsmanship with modern machinery to produce furniture that meets both aesthetic and functional excellence.

We take pride in maintaining strict quality control at every stage – from material selection and precision cutting to finishing and final inspection. Our facility is designed to handle custom orders, bulk production, and project-based furniture solutions with efficiency and care.

Key Highlights:

- Advanced machinery for cutting, finishing, and polishing
- Dedicated units for woodwork, metalwork, and upholstery
- Skilled workforce with years of experience
- Eco-conscious production practices
- Timely execution of residential, commercial, and hospitality projects

At HappyWood, our factory isn't just where furniture is made – it's where ideas come to life, quality is ensured, and spaces are shaped.
